## CAREER OBJECTIVE

- **About me:** I am a relentless learner, and enjoy reading about, studying, and attending workshops that teach me new skills and best practices.
- **Goal:** During time at company, I would like to work in a professional environment so that I can apply the knowledge I have learned in college to practice. My goal in the next five years is to become a manager.

## EDUCATION

9/2015 + UNIVERSITY: UNIVERSITY OF INFORMATION TECHNOLOGY

↓  
7/2020 | Major: Software Engineering  
Graduation year: 2020

## WORK EXPERIENCE

03/2020 + FREELANCER - STUDY JAPANESE

↓  
Now | Research, Learn about Bigdata (Hadoop, Hive, Spark,...), Google Analytic.  
Study Japanese.

07/2019 + CITYNOW COMPANY: RESOURCE-CHAIN NETWORK

↓  
02/2020 | My roles: Hyperledger Fabric Developer  
Programming language: Hyperledger fabric 1.4  
My achievements: Create new hyperledger fabric network include 3 organizations, 2 channels to manage tasks and users. Deploy network on multi host. Add new channel, org into exist network use shell script. Understand about network hyperledger and able to build a network.

02/2019 + CITYNOW COMPANY: BANKING SYSTEM

↓  
07/2019 | My roles: Ruby on Rails Developer  
Programming language: Ruby on Rails, HTML, CSS, Bootstrap 3, 4  
My achievements: Learn more how to manage source code on github (merge code, resolve reject,...), working with Docker, API, real database. Working directly with Japanese customers. Understand how the banking system operates

09/2018 + CITYNOW COMPANY: ICOP PROJECT

↓  
01/2019 | My roles: Java Developer  
Programming language: Spingboot, SpringSecurity, Neo4j  
My achievements: Maintain and refactor code, security configuration for application, database connection using JPA, understanding MVC architecture in Springboot. Using AWS to send mail, save photos, deploy projects. Team working and communicate with Japanese customer. Use Telegram, Wantedly to communicate, Backlog to manage task and Gitlab to manage the project.

## SKILLS

Java

Ruby(Ruby on Rails)

HTML, CSS, JAVASCRIPT

Python

Blockchain, Hyperledger Fabric

Database: MySQL, MongoDB, Neo4J

English Skills

Docker, Github, Gitlab, Backlog, Jira, Telegram, AWS

## LANGUAGESE

English: Toeic 550

Japanese: N4

## HOBBIES

- Read book
- Play outdoor sports
- Play chess
- Participate in social activities

**10/2018 + CITYNOW COMPANY: CROWDFUNDING PROJECT**

↓  
**01/2019**

**My roles:** Java + ReactJS Developer

Programming language: Spingboot, SpringSecurity, MongoDB, ReactJS  
My achievements: Practice security configuration use JWT, database connection using JPA, manage API use swagger, deploy project on AWS for customer. Using AWS to send mail, save photos, deploy projects. Help font-end team code ReactJS. Team working and communicate with Japanese customer. Use Telegram, Wantedly to communicate, Backlog to manage task and Gitlab to manage the project.

**08/2018 + INTERNSHIP AT CITYNOW COMPANY: BLOCKCHAIN TECHNOLOGY**

↓  
**09/2018**

**My roles:** Team leader, Research and Developer

Programming language: NodeJS, Solidity, HTML, CSS  
My achievements: Learn new technology and related concepts like: Block, Gas, Proof of Work, P2P Network... Build new smartcontract application on ETH platform. Learn more how to test smartcontract use Metamask, Etherscan. Raising the skills about Data Analyst and skills read English paper.

**10/2017 + PROJECT'S NAME(FREELANCER): TANK-MONITOR SYSTEM**

↓  
**12/2017**

**My roles:** Team leader, Analysis of customer requirements, Data Analyst and Design, Design UI and Developer.

Programming language: PHP, JavaScript, HTML and CSS.  
My achievements: Practice team working skills, get acquainted with the actual project, learn more framework Phalcon PHP, raising the skills fix bug, clear code and skills read English book.

## EXTRA ACTIVITIES

---

**10/2018 + HACKATHON: DAPP CHARITY PROJECT**

↓  
**10/2018**

**My roles:** Developer blockchain

**01/2018 + JOINED "ENROLLMENT ADVISOR 2018"**

↓  
**02/2018**

**My roles:** Volunteer

**03/2017 + JOINED "HANDS UP 2017"**

↓  
**04/2017**

**My roles:** Volunteer
